“The Knuckle”

“The Knuckle” – stairs and porches between Gertrude Hall and Teresa Hall. Teresa Hall’s first (main) floor was on the same level as Gertrude Hall’s, but the other floors were each a little lower. Thus a major problem in the 1990 renovation was the installation of an elevator, built inside next to Gertrude, that had to have doors on two sides and open on 10 different levels.

This elegant curved staircase replaced the old porch and made a good spot for group photos for the yearbooks.

...and then it housed the library stacks when a new gym (later Murray Hall) was built.
