ABSTRACT:

“Unknown” explores inner emotions about death and the other side, artistically representing self-discovery and faith with “unknown” aspects of the afterlife as the theme. Death is a perplexing yet imminent part of our lives and experiences. This series calls to attention the idea that the unknown can be seen with a sense of fear or with a feeling of peace; the choice is up to us. There is also no black and white answer, only stages of middle gray. Not knowing what truly comes ahead, I am working on surrendering to the mystery and faith of it all.
